Beloved brothers and sisters in the Lord,
Praise the Lord !!!!

It is with deep gratitude to the Lord that we present to you, a comprehensive series of very edifying books, gripped by the heavy burden that the Lord has laid on our hearts to contribute to the edification of believers and the bride of Christ.

Have you ever considered the impact of the printed page on your life?

We are convinced and you would totally agree that our opinions are shaped, our characters formed and our attitudes and habits largely determined by what we read.

The printed page is a powerful weapon to produce and sustain a revival both personally and within an entire community with real efficiency that is incomparable both in time and in space. However, we have observed a sad and tragic regression in the reading of Christian literature in the lives of the children of God (to speak only of this aspect of the Christian life). We think that this "spiritual" disease that has affected believers of this century is denounced by the Lord in Hosea when He says: "My people perish for lack of knowledge." This is one of the major causes of the state of spiritual stagnation among the children of the kingdom, leading to a lukewarmness in the love for our Lord in our assemblies.

Dear saint in the Lord, we are at war. Not a war of tanks, guns, and planes, but a war of words. The weapons are, of course, prayer but also and most certainly paper and ink. The victims are men, the brethren in our assemblies.

In fact, we believe that one of the reasons Christians do not read Christian literature is because good Christian books dealing with the problems they are facing may not have been presented to them.

If we do not offer them good Christian literature to captivate their interests and their thoughts for the Glory of God, our common enemy will offer his to them for their destruction. A question therefore arises: who will reach them first?

Although we distribute the works of many Christian authors that we consider serious and recommendable in their writings, we present to you, very specifically, the works of Professor ZACHARIAS TANE FOMUM whose mini biography is found at the end of this catalogue. As you will see from the various titles offered, his works are overwhelmingly devotional and will constitute very good spiritual nourishment for your heart and your spirit.

To contribute to the edification of the body of Christ, to the perfecting of the saints and to the return to the love of Christian literature among the children of God, we are pleased to offer you all the books in this catalogue at very good prices.

God bless you,
The Book Ministry

3 The Way of Discipleship

After repentance, the new convert to Christ has two basic options: to become a disciple of the Lord Jesus or not. The conditions to be fulfilled for this fundamental choice are meticulously developed in this book.

As a practical manual, you will be instructed on how to avoid, by the help of the Holy Spirit, the multiple detours and pitfalls that pave the pathway of this heavenly calling, often characterised by disobedience, the love of the world, the love of 'self', impure thoughts, entangled emotions, and multiple ambitions.

4 The Way of Sanctification

God calls all who are His to a sanctified life. Yet many believers find themselves bound by sin. They are like Lazarus, emerging from the grave, full of life, but bound. The Scriptures clearly show us that it is possible to enter into the sanctification that is already accomplished in the Lord Jesus and thus be delivered once and for all from the bondage of sin. This deliverance, though entered into through in crisis, must be maintained daily by a very close walk with the Lord Jesus, and in full cooperation with Him.

You will find developed in this book, rich in definition, concepts surrounding the notion of the character of Christ, themes such as: the origin of carnality, the dangers of carnality, Christian character, and how it is acquired.

6 The Way of Spiritual Power

The power of the Lord is available to all who come to Him.

The burden of Professor Fomum in this book is to show that beyond the fact that the power of God can manifest itself, can be spread through such channels as discipline, speech, holiness, gifts of power, etc., it can also be spread through other channels. We must fix our eyes on Jesus because he is the fullness of the Godhead.

7 The Way of Christian Service

The service of the Lord or Christian service begins in God and finds its place in God's eternal purpose. It must be done in the power of the Holy Spirit by men whom God has called to His work. Christian service must be done in God's way and in God's time. Thus defined, the work of God becomes a very serious responsibility. This is a critical book for anyone involved in Christian service, an indispensable manual for spiritual leadership.

13 The Way of Loving The Lord

The author argues that no one can accidentally love the Lord Jesus as Mary Magdalene did, whose love was the consequence of her many forgiven sins. It is also because this love was constantly nourished that it grew and became a real longing for the Lord in an increasing way. Speaking of this book, he says: 'It is rather an expression of the longing of the desire, the spiritual emotions of my heart for the Lord'.

7 The Believer's Conscience

From a detailed explanation of each state of consciousness, Professor Fomum demonstrates that the Lord has gone to great lengths to ensure that every believer has a consciousness that functions at the highest possible level. His prayer is that each person may enter into the health of God's conscience and become all that God wants them to become in their relationship with Him.

God commanded the man to love his wife as Christ loved the Church and gave Himself up for her. The love with which Christ loves the Church is a supernatural love, the love of God. No husband can naturally love his wife in a sustained way. Natural love does not last. For the husband to love his wife as Christ loves the Church, he must receive God's supernatural love from the Holy Spirit, and pour that love out upon his wife.

5 Brokenness: The Secret of Spiritual Overflow

God's purpose in the new creation is to produce spiritually mature people, quickly attaining the stature of broken men or women. God does this through the cross to break and destroy the natural man, and through the work of the Holy Spirit, to build up the character of Christ within the believer. Brokenness, therefore, depends on the degree to which someone has given the cross and the Holy Spirit the opportunity to work in them. Read this book. You will be challenged. It will help you make progress on the road to brokenness, to the point where you will soon be able to confess with the apostle Paul: "If I live, it is no longer I who live, but Christ who lives in me."

In the present generation of modern Christianity, God has been removed from the centre and man has been placed there. God is being ordered from outside; God has been reduced to a servant. ABOUT

THE AUTHOR

ZACHARIAS TANEE FOMUM

Professor Zacharias Tanee Fomum was born in the flesh on 20th June 1945 and became born again on 13th June 1956. On 1st October 1966, He consecrated his life to the Lord Jesus and to His service, and was filled with the Holy Spirit on 24th October 1970. He was taken to be with the Lord on 14th March, 2009.

Prof. Fomum was admitted to a first class in the Bachelor of Science degree, graduating as a prize winning student from Fourah Bay College at the University of Sierra Leone in October 1969. At the age of 28, he was awarded a Ph.D. in Organic Chemistry by the University of Makerere, Kampala in Uganda. In October 2005, he was awarded a Doctor of Science (D.Sc) by the University of Durham, Great Britain. This higher doctorate was in recognition of his distinct contributions to scientific knowledge through research. As a Professor of Organic Chemistry at the University of Yaounde 1, Cameroon, Professor Fomum supervised or co-supervised more than 100 Master's Degree and Doctoral Degree theses and co-authored over 160 scientific articles in leading international journals. He considered Jesus Christ the Lord of Science ("For by Him all things were created..." – Colossians 1:16), and scientific research, an act of obedience to God's command to "subdue the earth" (Genesis 1:28). He therefore made the Lord Jesus the Director of his research laboratory while he took the place of deputy director. He attributed his outstanding success as a scientist to Jesus' revelational leadership.

In more than 40 years of Christian ministry, Prof. Fomum travelled extensively, preaching the Gospel, planting churches and training spiritual leaders. He made more than:

- 700 missionary journeys within Cameroon, which ranged from one day to three weeks in duration.
- 500 missionary journeys to more than 70 different nations on all the six continents. These ranged from two days to six weeks in duration.

By the time of his going to be with the Lord in 2009, he had preached in over 1000 localities in Cameroon, sent over 200 national missionaries into many localities in Cameroon and planted over 1300 churches in the various administrative provinces of Cameroon. At his base in Yaounde, he planted and built a mega-church with his co-workers which grew to a steady membership of about 12,000. Prof. Fomum was the founding team-leader of Christian Missionary Fellowship International (CMFI), an evangelism, soul-winning, disciple making, Church-planting and missionary-sending movement with more than 200 international missionaries and thousands of churches in 65 nations spread across Africa, Europe, the Americas, Asia and Oceania. In the course of their ministry, Prof. Fomum and his team witnessed more than 10,000 recorded healing miracles performed by God in answer to prayer in the name of Jesus Christ. These miracles include instant healings of headaches, cancers, HIV/AIDS, blindness, deafness, dumbness, paralysis, madness, and new teeth and organs received.

Prof. Fomum read the entire Bible more than 60 times, read more than 1350 books on the Christian faith and authored over 150 books to advance the Gospel of Jesus Christ. 5 million copies of these books are in circulation in 12 languages as well as 16 million gospel tracts in 17 languages.

Prof. Fomum was a man who sought God. He spent between 15 minutes and six hours daily alone with God in what he called Daily Dynamic Encounters with God. During these Daily Dynamic Encounters With God, he read God's word, meditated on it, listened to God's voice, heard God speak to him, recorded what God was saying to him and prayed it through. He thus had over 18,000 Daily Dynamic Encounters With God. He also had over 60 periods of withdrawing to seek God alone for periods that ranged from 3 to 21 days (which he termed Retreats for Spiritual Progress). The time he spent seeking God slowly transformed him into a man who hungered, thirsted and panted after God. His unceasing heart-cry was: "Oh, that I would have more of God!"

Prof. Fomum was a man of prayer and a leading teacher on prayer in many churches and conferences around the world. He considered prayer the most important work that can be done for God and for man. He was a man of faith who believed that God answers prayer. He kept a record of his prayer requests and had over 50,

000 recorded answers to prayer in his prayer books. He carried out over 100 Prayer Walks of between five and forty-seven kilometres in towns and cities around the world. He and his team carried out over 57 Prayer Crusades (periods of forty days and nights during which at least eight hours are invested into prayer each day). They also carried out over 80 Prayer Sieges (times of near non-stop praying that range from 24 hours to 120 hours). He authored the Prayer Power Series, a 13-volume set of books on various aspects of prayer; Supplication, Fasting, Intercession and Spiritual Warfare. He started prayer chains, prayer rooms, prayer houses, national and continental prayer movements in Cameroon and other nations. He worked with leaders of local churches in India to disciple and train more than 2 million believers.

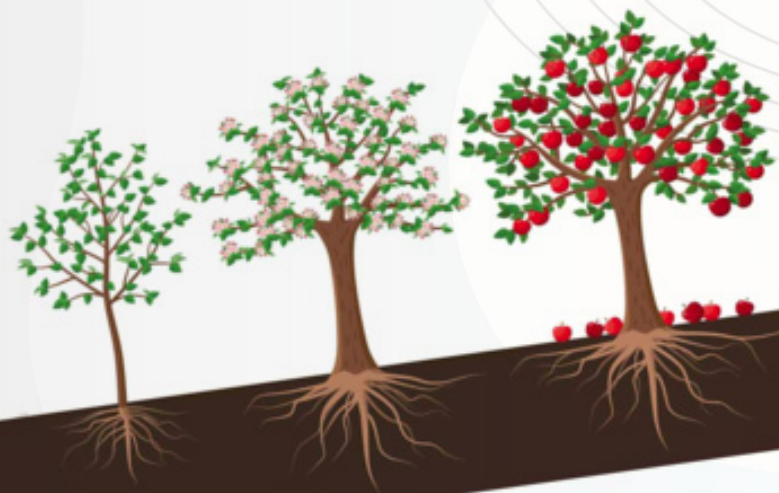

Prof. Fomum also considered fasting as one of the weapons of Christian Spiritual Warfare. He carried out over 250 fasts ranging from three days to forty days, drinking only water or water supplemented with soluble vitamins. Called by the Lord to a distinct ministry of intercession, he pioneered fasting and prayer movements and led in battles against principalities and powers obstructing the progress of the Gospel and God's global purposes. He was enabled to carry out 3 supra – long fasts of between 52 and 70 days in his final years.

Prof. Fomum chose a life-style of simplicity and "self-imposed poverty" in order to invest more funds into the critical work of evangelism, soulwinning, church-planting and the building up of believers. Knowing the importance of money and its role in the battle to reach those without Christ with the glorious Gospel, he and his wife grew to investing 92.5% of their earned income from all sources (salaries, allowances, royalties and cash gifts) into the Gospel. They invested in the hope that, as they grew in the knowledge and the love of the Lord and the perishing souls of people, they would one day invest 99% of their income into the Gospel.

He was married to Prisca Zei Fomum. They had seven children who are all involved in the work of the Gospel, some serving as missionaries. Prisca is a national and international minister, specializing in the winning and discipling of children to Jesus Christ. She also communicates and imparts the vision of ministry to children with a view to raising and building up ministers to them.

The Professor owed all that he was and all that God had done through him, to the unmerited favour and blessing of God and to his worldwide army of friends and co-workers. He considered himself nothing without them and the blessing of God, and would have amounted to nothing but for them. All praise and glory to Jesus Christ!
